ANTICIPATION GUIDE

Use the following guide before you begin your project by agreeing or disagreeing in the first column with each statement. After you have completed the project, see if you still feel the same way by using the last column to agree or disagree again.

Before designing, I... (circle one)	Statements	After designing, I... (circle one)
Agree Disagree	People's jobs are more important than their hobbies.	Agree Disagree
Agree Disagree	When people ask a designer to make something for them, but the designer tells them that it is too difficult to create, they need to accept that they cannot have it.	Agree Disagree
Agree Disagree	When designers are trying to make something for people to use, they must think about their own needs more than the needs of others to get the design right.	Agree Disagree
Agree Disagree	Researching ideas helps people be creative.	Agree Disagree
Agree Disagree	Amazing art talent helps people be creative.	Agree Disagree
Agree Disagree	When designers have decided on a solution to a design problem, their plan should stay the same throughout the process.	Agree Disagree

Before you begin the design project, fill in the blank thought and speech bubbles below.

After the design project, would you change what you wrote in the bubbles?
